SmartTab ezRefill System

Comprehensive Business Solution

Convenience Has a New Color

When you see yellow, you'll save green.

Managing first aid supplies has never been so convenient.

Restock the right supplies in the right quantities . . . at a lower cost

The **SmartTab ezRefill™ System** is an innovative, cost-effective method for restocking your first aid and emergency preparedness supplies before you run out. The SmartTab ezRefill System simplifies the reordering process and saves your business money.

Features and Benefits

Simplicity. The SmartTab ezRefill System's yellow and black reminder tabs let you know when it's time to reorder what you need.

Cost. Our SmartTab ezRefill System has very low overhead, so we're able to pass those savings to you.

Convenience. The SmartTab ezRefill System gives you reorder information at the right time. No more surprise discoveries that you're out of an item you need.

How It Works: Reordering at the Right Time

As you use your supplies, yellow and black SmartTabs will remind you to reorder when you run low on items.

Simply use the information on the tab to reorder the correct item.

You can reorder in several convenient ways:

- Online at www.firstaidproduct.com
- By telephone: (888) 228-6694
